FOR A LIMITED TIME ONLY, WITH THE PURCHASE OF A NEW OIL TANK

- 10% Deposit
- 0.0% Financing for 3 years
- Coan Loyalty Credit of \$10 per year as an auto delivery customer, up to a maximum of \$50

**PROTECT YOUR BIGGEST INVESTMENT? YOUR HOME!**

**REPLACE YOUR OLD OIL TANK OR OIL LINE!**

**MA Law requires that fuel lines be protected as of Sept. 2011**

The good news is that there are many options we offer for upgrading your old fuel oil system. Today's tank systems offer advanced technology with multiple sizes and various piping options allowing us to locate a tank almost anywhere.

New tanks from Granby and Roth offer environmentally friendly, double-walled construction, in effect, "2 tanks in 1". These tanks have extended warranties, 10 years or more, and, in the unlikely event of a release, insurance, up to \$1,000,000, to assist with a cleanup\*. That's how confident these manufacturers are about their tanks.

Last but not least is the line connecting your tank to your heating unit. Just as any mechanical device wears out over time so does your fuel line. We've been upgrading fuel lines for years encasing them in either orange or blue tubing providing "double-walled" protection. The small investment needed to replace your line will provide big benefits by minimizing the chance of a release, as well as meeting the Mass. Law requiring protected lines as of September, 2011.

It's a win-win for everyone.
